

## BOARD AGENDA REQUEST FORM

2026-333

**PROPOSED FOR BOARD MEETING OF:** March 3, 2026  
**DEPARTMENT:** Administrative Services  
**PREPARED BY:** Dr. Kevin A. Catlin, County Administrator/Controller  
**SUBJECT:** AIA Document G802-2017 – Amendment #4 (Spill Containment Plans) – 440 N. Church Street Parking Structure

### **SPECIFIC ACTION REQUESTED:**

Request for approval to authorize the County Administrator/Controller to execute Amendment #4 to the existing Professional Services Agreement with Fishbeck in the amount of \$3,800 for the preparation of Spill Containment Plans required by the City of Kalamazoo as part of the Site Plan review process.

### **DESCRIPTION OF ACTION (dollar amount, purpose):**

Kalamazoo County entered into a Professional Services Agreement with Fishbeck dated December 11, 2024, for architectural and engineering services related to the design of the 440 N. Church Street Parking Structure. Amendments #1–#3 have previously been executed in support of expanded scope and design requirements.

As part of the City of Kalamazoo’s Site Plan review process, the City has required preparation and submission of Spill Containment Plans (SCPs) for regulated substances anticipated to be stored at the new parking structure in quantities exceeding regulatory thresholds (greater than 55 gallons or 440 pounds). Identified substances include propylene glycol (liquid) and deicing chemicals (solid).

Preparation of SCPs was not included within the original scope of services. Amendment #4, dated February 10, 2026, provides for the following additional services:
