DATE: February 15, 2021

SUBJECT: Approve a Professional Services Agreement with Wightman & Associates for Stadium Drive Improvements Design Services (Bid Ref# 906-46-015.1.8)

RECOMMENDATION:

It is recommended that City Commission approve the Wightman & Associates, Inc. proposal in the amount of \$187,000 for the Stadium Drive Improvements design and engineering services and authorize the City Manager to sign all documents.

BACKGROUND:

This 1.35-mile project includes \$1.6M in federal funds (STU) with a programmed local match of \$400,000 and will be administered through MDOT Local Agency Programs (LAP). The estimated total construction costs, for necessary treatments to this roadway section identified in the jurisdictional transfer of roadways documents, are approximately \$6.25M.

The scope of this project includes a combination of two-course HMA resurfacing and full depth pavement replacement from Howard Street to W. Lovell Street, ADA ramp upgrades, implementation of a median in the existing center turn lane, curb replacement and shoulder widening where necessary and replacement of all permanent signs and pavement markings. Additionally, the intersection of Stadium Drive and Howard Street will be upgraded.

As part of the services provided, Wightman & Associates will obtain approximately 30 pavement borings and complete traditional plans that include a cover sheet, notes and details, typical roadway sections, SESC plans, removals, plan and profile views, signal improvements, ADA ramp details, pavement markings & permanent signage, detour route and traffic control and cross sections. Additionally, they will complete the Program Application, NEPA submittal, SHPO submittal, RR Coordination and Permitting, Engineer's Opinion of Costs in MERL, Special Provisions and Pavement Design.

The Stadium Drive Improvement project is scheduled to commence in the 2022 fiscal year. Wightman & Associates will provide engineering design services for the project. Wightman & Associates have worked with the City of Kalamazoo to hold discussions on this project and determine the scope of the effort. Wightman has provided satisfactory consulting services in the past to the City.

STRATEGIC VISION ALIGNMENT:

Relevant Priority Based Budgeting Program (program name and description):

Project Management – Public Works Division

Project management of facilities related construction projects.

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

Connected City - A City networked for walking, biking, riding, and driving

Economic Vitality - A supportive infrastructure for growing businesses and stabilizing the local economy for the benefit of all.

Good Governance- Ensuring the City organization has the capacity and resources to effectively implement the community's Strategic Vision in a way that is sustainable over the long term.

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

Engagement/Communication Tools

Press releases, public notices, website publication, and other such public communication tools will be used to ensure community is aware and can prepare and act accordingly. Future work will be impacted by the design and will involve motorists needing to detour their commute and traffic patterns during various phases of the project.

FISCAL IMPACT:

The budget for this contract is included in the 2021 Adopted Major Street Fund Capital Improvement Plan in project# mst0100251 Stadium Dr (Rambling - Lovell).

DATE: February 15, 2021

SUBJECT: Professional Service Agreement with Wightman & Associates, Inc. for Engineering Services - Portage Street Improvements, Stockbridge to Michigan (Bid Ref# 906-46-015.1.8)

RECOMMENDATION:

It is recommended that the City Commission approve a contract with Wightman & Associates, Inc. for professional construction engineering services related to the Portage Street Improvements, Stockbridge to Michigan, in the amount of \$409,900.00.

BACKGROUND:

The Portage Street Upgrades Project between Stockbridge Avenue and Michigan Avenue was identified as a priority for the 2021 construction season. This project includes roadway reconstruction and rehabilitation, water main replacement, and partial storm sewer replacement. This project is slated to receive \$720,000 of Federal funding and \$850,000 of State funding for the roadway improvements. This section of roadway was also identified by the Water Resources Division for water main replacement, as the current water main is undersized for its use.

Wightman & Associates, Inc. is a pre-qualified engineering firm for both roadway and water professional services. They were under contract for design engineering services for this project. Since Wightman & Associates, Inc. is familiar with this project, Public Services reached out request a quote for professional construction engineering services. Wightman & Associates, Inc. quoted a fixed fee of \$409,900.00 for the work. Public Services has been very satisfied with Wightman & Associates, Inc. work on previous projects, and recommends approval of this contract.

STRATEGIC VISION ALIGNMENT:

Relevant Priority Based Budgeting Program (program name and description):

- New Water Distribution, Supply, and Treatment Construction Engineering – Reviews plans for water system expansion. Designs and oversees the construction of new water distribution system
- New Water Main & Service Inspection – Inspection of new water mains and service connections.
- Major Streets – Engineering and Facilities Planning, Design & Construction – Project management of facilities related construction projects.
- Federal Metropolitan Planning Organization (Kalamazoo Area Transportation Study, KATS) Activities – Proved master planning for all federal aid eligible roads to improve Congestions, Road Condition, Safety, System Reliability, Freight movement and Economic Vitality, Environmental Sustainability, reduce project cost

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

Connected City - A City networked for walking, biking, riding, and driving

Inviting Public Places - Vibrant streets, exceptional parks, and welcoming activities.

Complete Neighborhoods - residential areas that support the full range of people's daily needs

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

FISCAL IMPACT:

Funding for this project is accounted for in the 2021 Water and Major Streets Capital Improvement Budget. Funding summary is as follows:

Funding:

Mst0100206 \$215,600.00

Wat0500300 \$194,300.00

\$409,900.00

Costs:

\$409,900.00

\$409,900.00
