DATE: February 7, 2022

SUBJECT: Approve a Professional Services Agreement with Wightman and Associates, Inc. for design engineering services for the Whites Road Improvements Project (Bid Ref#92549-001.0.11)

RECOMMENDATION:

It is recommended that the City Commission approve a Professional Services Agreement with Wightman and Associates, Inc. for the construction of the Whites Road Improvements Project in the amount of \$253,000.00.

BACKGROUND:

Whites Road between Oakland Drive and Westnedge Avenue was identified as a project receiving federal funding on the Kalamazoo Area Transportation Study (KATS) Transportation Improvement Program (TIP). The project is slated for federal funding in the amount of \$920,000.00 for roadway improvements related to full depth roadway reconstruction, HMA surfacing, ADA ramp upgrades, and curb and gutter replacement where necessary. This section of roadway was also identified by the Water Resources Division for water main replacement, as the current water main is undersized for its use and has experienced numerous water main breaks over the years.

Public Services reached out to four pre-qualified consultants for proposals for professional engineering design services. Each proposal was evaluated based on project scope and cost. Wightman and Associates, Inc. was selected and quoted a not to exceed fee of \$253,000.00 for the work. Public Services has been satisfied with Wightman and Associates work on previous projects and recommends approval of this contract.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

Engagement/Communication Tools

Water Resources will be working with EGLE and MDOT on this project. Impacted residents will be notified prior to construction via media release regarding the project and associated traffic detours.

FISCAL IMPACT:

The funding for the project is available in the City’s 2022 Water and Major Streets Capital Improvement Budgets. Project funding and estimated costs are as follows:

Funding:	mst0100265 – FY 2022	\$194,750.00
	wat0500394 – FY 2022	\$300,000.00
		\$494,750.00
Costs:	mst0100265 – FY 2022	\$140,500.00
	wat0500394 – FY 2022	\$112,500.00
		\$253,000.00
