SUBJECT: Professional Service Agreement with Hubbell, Roth & Clark, Inc. for Construction Engineering Services on the Miller Road (Emerald to Sprinkle) Project (Bid Ref #92549-001.0.5)

RECOMMENDATION:

It is recommended that the City Commission approve a Professional Services Agreement with Hubbell, Roth & Clark, Inc. (HRC) for construction engineering services for the Miller Road (Emerald to Sprinkle) streets improvement project in the amount of \$108,600.00.

BACKGROUND:

The City of Kalamazoo identified the Miller Road (Emerald to Sprinkle) project as a priority and secured funding from MDOT in 2021 through the TEDF grant to cover a significant portion of the construction costs for this project. The project includes HMA cold milling and resurfacing as well as improvements to bike lanes, drainage systems, guardrail, curb and gutter, and permanent signing and pavement markings.

HRC is a pre-qualified engineering firm for roadway professional services. They were under contract for design engineering services for this project. Since HRC is familiar with the project, Public Services reached out to request a quote for professional construction engineering services. HRC quoted a not-to-exceed fee of \$108,600.00 for the work. Public Services has been satisfied by HRC's construction engineering work on previous projects and recommends approval of this contract.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Shared Prosperity – Abundant opportunities for people to achieve shared prosperity
Safe Community – Creating a safe environment for living, working, and playing
Connected City – A city that is networked for walking, biking, riding, and driving
Economic Vitality – Growing businesses and stabilizing the local economy to the benefit of all
Good Governance – Making and implementing public decisions in ways that are collaborative, inclusive, and data-driven

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

FISCAL IMPACT:

The budget for this project is included in the Major Streets 2022 Adopted Capital Improvement Plan:

Project Costs (mst0100222 Miller Rd (Emerald to Sprinkle):

Construction Engineering \$108,600.00

Total Cost \$108,600.00
