DATE: May 2, 2022

SUBJECT: Professional Service Agreement with OHM Advisors for Construction Engineering Services for MDOT Bridge Rehabilitation Project (Bid Ref#92549-001.0.8)

RECOMMENDATION:

It is recommended that the City Commission approve the Professional Service Agreement with OHM Advisors for Construction Engineering (CE) services for the bridge rehabilitation project in the amount of \$390,000.

BACKGROUND:

Bridges are a key asset in the road transportation network in any state or municipality. It is essential that these assets are maintained to keep key transportation networks open for business and residential needs. Paterson, Lake, and Walnut Street bridges are in need of various levels of rehabilitation to facilitate further use and to last their designed lifetime. Paterson Street Bridge is in need of rehabilitation work and superstructure replacement of the bridge deck. Rehabilitation work includes removal and replacement of bridge surface area, waterproofing membrane, healer sealer, and approach work. This is a Local Agency project.

In order to best manage this project, obtain a quality product, and ensure effective work, it is in the City's best interest to obtain CE services from OHM. OHM designed the work and enabled the City to obtain the funding and letting through the state. They are the most knowledgeable firm of the work and how to best see it through to completion. The department recommends them for these services.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Shared Prosperity
Safe Community
Connected City
Economic Vitality
Good Governance

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

Engagement/Communication Tools

Social media, media releases, news, and City website.

FISCAL IMPACT:

The construction engineering contract will be allocated to the respective Major Streets and Local Streets projects and are included in the 2022 Adopted Capital Improvement Plans for the streets funds.

Project Costs:

CE – MST0100229 Patterson Bridge	\$355,000.00
CE – LST0100299 Walnut Bridge	\$25,000.00
CE – LST0100300 Lake St Bridge	\$10,000.00
Total Cost	\$390,000.00
