SUBJECT: Approval of a Professional Service Agreement with Wightman & Associates for Westnedge Ave Watermain, Roadway, & Sanitary Construction Engineering Services (Bid Ref# 92549-001.0.11)

RECOMMENDATION:

It is recommended that City Commission approve a professional service agreement with Wightman & Associates for construction engineering services in support of the Westnedge Ave Watermain, Roadway, and Sanitary Project in the amount of \$817,750 and authorize the City Manager to sign all documents.

BACKGROUND:

Westnedge Ave is a key North/South corridor in the City of Kalamazoo connecting the North side of the City to the South side of the City. It serves as a key street for many neighborhoods to include: Northside, CBD, Vine, Southside, Stuart, Westnedge Hill, and South Westnedge. Due to the age and condition of the roadway, the City competed for allocated federal money through the Kalamazoo Area Transportation Study (KATS) MPO via their Transportation Improvement Plan (TIP) process. The project was accepted and funds were assigned to it from the Surface Transportation Program, Congestion Mitigation and Air Quality Improvement (CMAQ) Program.

Westnedge Ave (Cork/Whites to Vine) will see construction activities for watermain replacement (federal non-participating work), storm water improvements, signal and intersection updates, road resurfacing, and sanitary sewer updates & repairs. These improvements will provide continued services for all corridor users, businesses, and residents along Westnedge Ave for years to come. The work for Westnedge Ave is anticipated to start in the Spring of 2024 and complete construction in June of 2025.

In order to properly manage and facilitate this construction via the MDOT Local Agency Program, the City requested construction engineering proposals from three firms. After review of

the proposals, Wightman was selected because they could provide the best coordination and pricing available for this project. This would be of benefit to the City with Wightman also providing construction engineering services for Whites Rd; a project that requires significant coordination with the Westnedge Ave project.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

Connected City - A City networked for walking, biking, riding, and driving

Inviting Public Places - Vibrant streets, exceptional parks, and welcoming activities.

Economic Vitality - A supportive infrastructure for growing businesses and stabilizing the local economy for the benefit of all.

Good Governance- Ensuring the City organization has the capacity and resources to effectively implement the community's Strategic Vision in a way that is sustainable over the long term.

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

FISCAL IMPACT:

The funds required for this contract are \$817,750. The funding available and estimated costs are detailed below. All construction will take place in 2024. We are requesting the approval of this purchase using the funds below.

Description	Account	Project #	Dollar Amount
Construction Engineering		MST0100262-04-988.000	\$481,850.00
Construction Engineering		WAT0500393-04-988.000	\$315,400.00
Construction Engineering		WWR0200074-04-988.000	\$20,500.00
