

City Commission Agenda Report

City of Kalamazoo

Date: **12/18/2023**

Item: **G.4.**

TO: Mayor Anderson, Vice Mayor Hess, and City Commissioners

FROM: James K. Ritsema, ICMA-CM, City Manager
Reviewed by: James J. Baker, PE, Public Services Director and City Engineer
Prepared by: Anna C. Crandall, PE, Assistant City Engineer – Water Resources

DATE: December 18, 2023

SUBJECT: Approval of a Professional Services Agreement with Prein & Newhof for the Knollwood Water Main Lining Project Design (Bid Ref#:92500-002.0.9)

RECOMMENDATION:

It is recommended that the City Commission approve a contract with Prein & Newhof for the Knollwood Water Main Lining Project Design, in the amount of \$182,000.00.

BACKGROUND:

Public Services included the Knollwood Water Main Lining Project in the Fiscal Year 2024 Drinking Water State Revolving Fund (DWSRF) Project Plan. Initially, Public Services did not receive funding for this work in the DWSRF Intended Use Plan (IUP). Due to other communities deferring projects for later years, Public Services will be receiving DWSRF ARP funding for this project in FY2024.

Public Services reached out to Prein&Newhof for a proposal for professional services related the design of the project. Prein&Newhof provided a cost of \$182,000. Public Services finds this quote acceptable and recommends approval of the contract.

These design engineering costs are eligible project costs for reimbursement upon closing of the loan, ARP grant and principal forgiveness items in the fourth quarter of 2024.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

FISCAL IMPACT:

The funds required for this contract are \$182,000. The funding for the planning and design of this project is anticipated to be funded retroactively with future DWSRF funding. If the funding falls through, the Water Fund has adequate resources to fund this contract. We are requesting the approval of this purchase using the funds below.
