SUBJECT: Approval of a Professional Services Agreement with Prein & Newhof for the DWSRF Contract No. 3 – Richland Water Main Extension (Bid Ref#92500-005.0.1)

RECOMMENDATION:

It is recommended that the City Commission approve a professional services agreement with Prein & Newhof for Professional Construction Engineering Services for Contract No. 3 – FY2025 DWSRF Richland Water Main Extension Project, in the amount of \$336,000.00.

BACKGROUND:

The City of Kalamazoo identified the Contract No. 3 – 2025 DWSRF Richland Water Main Extension Project as a priority for the 2025 construction season. Currently, some residences in the project area are provided water via residential potable wells that have been impacted by perfluorinated chemicals (PFAS) at concentrations greater than the Michigan Department of Environment, Great Lakes and Energy (EGLE) Health Advisory Level. This project will involve providing residents in the project area with safe municipal drinking water by installing new water main and service connections in the impacted area.

Public Services has been working with Prein & Newhof for the design of the project and reached out to Prein & Newhof for a proposal for professional construction engineering services. Prein & Newhof provided a quote of \$336,000.00 for the requested services. Prein & Newhof has performed well with other projects for the City of Kalamazoo, and Public Services recommends approval of this contract.
