DATE: October 6, 2025

SUBJECT: Approval of a Professional Service Agreement with Prein & Newhof for the Design of the 35th Street and M96 Transmission Loop (Bid Ref#92500-005.0.1)

RECOMMENDATION:

It is recommended that the City Commission approve a professional service agreement with Prein & Newhof for the 35th Street and M96 Transmission Loop Project, in the amount of \$111,600.00.

BACKGROUND:

The City of Kalamazoo asset management plan identified the design of the 35th Street and M96 Transmission Loop Project as a priority for design in 2025. The scope of this project is the design of approximately 1.3-miles of 16-inch water main on 35th Street from Miller Drive north to M96 and thence west on M96 to the existing transmission main near Station No. 33 at North 33rd Street. This loop will improve system reliability and redundancy. It will allow the system to complete future needed upgrades to Station No. 33 and maintain service to all customers during that future work.

STRATEGIC VISION ALIGNMENT:

Strategic Goal Impact:

Safe Community- Creating a safe environment for living, working, and playing

COMMUNITY ENGAGEMENT:

Appropriate Depth of Engagement

Inform (one-way conversation) – no feasible alternatives available due to legal/regulatory restrictions, standards and best practices, or resource limitations; the community will be made aware of the project.

FISCAL IMPACT:

The funding for the project is available in the City's 2025 Water Capital Improvement Budget.
Project funding and estimated costs are as follows:

Description	Account	Project #	Dollar Amount
Water Capital Improvement		wat0500461-04-988.001	\$111,600.00
